- 1 The Historical Evidence The Reliability of the Gospels While some claim the Bible is filled with myths and legends theres compelling historical evidence for the accounts of Jesus life and teachings The Gospels were written within a generation of Jesus death by eyewitnesses and were quickly accepted by the early church The Empty Tomb The most powerful evidence for the resurrection of Jesus is the empty tomb This is a historical fact that has been welldocumented and consistently affirmed by early Christian sources The Early Church The rapid spread of Christianity across the Roman Empire is a significant indicator of its truth Why would so many people risk persecution for a lie The Transformation of the Apostles The disciples once timid fishermen became bold proclaimers of the gospel even in the face of death This radical transformation is best explained by their encounter with the risen Christ
- 2 The Philosophical Evidence The Argument from Design The intricate complexity and order of the universe point to an intelligent designer This is a powerful argument for the existence of God the ultimate source of design The Moral Argument The innate sense of right and wrong our desire for justice and fairness suggests a moral lawgiver a God who has set the standards for good and evil The Argument from Miracles The numerous miracles attributed to Jesus from healing the sick to raising the dead defy natural explanation and point to a supernatural power at work
