Arthur Partridge Constantine Samuel Rafinesque Brian Steele Gerard Delanty Edward Wilmot Blyden Bertha Johnston Julien de Narfon Giovanni Ermenegildo Schiavo Michael Durey*

are we now or have we ever been a nation as this century comes to a close debates over immigration policy racial preferences and multiculturalism challenge the consensus that formerly grounded our national culture the question of our national identity is as urgent as it has ever been in our history is our society disintegrating into a collection of separate ethnic enclaves or is there a

way that we can forge a coherent unified identity as we enter the 21st century in this marvelously written wide ranging and thought provoking book michael lind provides a comprehensive revisionist view of the american past and offers a concrete proposal for nation building reforms to strengthen the american future he shows that the forces of nationalism and the ideal of a trans racial melting pot need not be in conflict with each other and he provides a practical agenda for a liberal nationalist revolution that would combine a new color blind liberalism in civil rights with practical measures for reducing class based barriers to racial integration a stimulating critique of every kind of orthodox opinion as well as a vision of a new trans american majority the next american nation may forever change the way we think and talk about american identity new york newsday

the making of the american nation or the rise and decline of oligarchy in the west by james partridge arthur first published in 1866 is a rare manuscript the original residing in one of the great libraries of the world this book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation restoration editors mission is to bring long out of print manuscripts back to life some smudges annotations or unclear text may still exist due to permanent damage to the original work we believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it

this book identifies jefferson as an american nationalist and describes his assessment of american character and democratic promise

with its list of distinguished contributors and its wide range of topics the handbook is surely destined to become an invaluable resource for all serious students of nationalism michael billig professor of social sciences at loughborough university and author of banal nationalism sage 1995 the persistence some would say revival of nationalism across the recent history of modernity in particular the past two decades has taken many scholars in the social sciences by surprise in response interest in the analysis of nationalism has increased and given rise to a great variety of new angles under which to study the phenomenon what was missing in the cacophony of voices addressing nationalism was a volume that brought them together and confronted them with each other this handbook does just that it deserves particular praise for the wide range of approaches and topic included and for the systematic attempt at studying nationalism as a phenomenon of our time not a remnant from the past peter wagner professor of social and political theory european university institute and professor of sociology university of warwick for

students concerned with the contemporary study of nationalism this will be an invaluable publication the three fold division into approaches themes and cases is a very solid and sensible one the editors have commissioned essays from leading scholars in the field and this handbook provides the best single volume overview of contemporary nationalism john breuilly professor of nationalism and ethnicity london school of economics nationalism has long excited debate in political social and cultural theory and remains a key field of enquiry among historians anthropologists sociologists as well as political scientists it is also one of the critical media issues of our time there are however surprisingly few volumes that bring together the best of this intellectual diversity into one collection this handbook gives readers a critical survey of the latest theories and debates and provides a glimpse of the issues that will shape their future its three sections guide the reader through the theoretical approaches to this field of study its major themes from modernity to memory migration and genocide and the diversity of nationalisms found around the globe the overall aim of this handbook is to relate theories and debates within and across a range of disciplines illuminate themes and issues of central importance in both historical and contemporary contexts and show how nationalism has impacted upon and interacted with other political and social forms and forces this book provides a much needed resource for scholars in international relations political science social theory and sociology

blyden was president of liberia college in monrovia liberia he outlines the reasons for african colonization by american blacks founding and purpose of the american colonization society creation of the colony of liberia and the current state of the colony its geographic extent commerce and liberia college blyden appeals for more african american colonizers

in the transatlantic world of the late eighteenth century easterly winds blew radical thought to america thomas paine had already arrived on these shores in 1774 and made his mark as a radical pamphleteer during the revolution in his wake followed more than 200 other radical exiles english dissenters whigs and painites scottish lads o parts and irish patriots who became influential newspaper writers and editors and helped change the nature of political discourse in a young nation michael durey has written the first full scale analysis of these radicals evaluating the long term influence their ideas have had on american political thought transatlantic radicals uncovers the roots of their radicalism in the old world and tells the story of how these men came to be exiled how they emigrated and how they participated in the politics of their adopted country nearly all of these radicals looked to paine as their spiritual leader and to thomas jefferson as their political champion they held egalitarian anti federalist values and promoted an extreme form of participatory democracy that found a niche in the radical wing of jefferson s

republican party their divided views on slavery however reveal that democratic republicanism was unable to cope with the realities of that institution as political activists during the 1790s they proved crucial to jefferson s 1800 presidential victory then after his views moderated and their influence waned many repatriated others drifted into anonymity and a few managed to find success in the new world although many of these men are known to us through other histories their influence as a group has never before been so closely examined durey persuasively demonstrates that the intellectual ferment in britain did indeed have tremendous influence on american politics his account of that influence sheds considerable light on transatlantic political history and differences in religious political and economic freedoms skillfully balancing a large cast of characters transatlantic radicals depicts the diversity of their experiences and shows how crucial these reluctant émigrés were to shaping our republic in its formative years
